The following are responses to Mel Burnett's concerns regarding the moving of Millwork West to the temporary location on Highway 2:

1. When will the two temporary buildings be fully constructed?

Response – October 1, 2000

2. When will the fire hydrants and water lines be in place?

Response – They will be completed 5 work days after receipt of State of Montana approval of permit application.

3. Will the two Millwork West forklifts currently being used on site be decontaminated for use at temporary location and how long will it take to decontaminate them?

Response – Yes, they will be decontaminated one day prior to the move and it will take one day to decontaminate them.

4. Should additional inventory of insulation products be ordered to replace the torn packages currently on site?

Response – Yes, Millwork West should sell torn packages. W. R. Grace will purchase any packages torn during the move. Any new shipments of inventory should be delivered to the temporary location on Highway 2. A temporary fence has been ordered and paid for by W. R. Grace and will arrive on site the week of September 18, 2000.

5. When will the Millwork West sign be completed at the temporary location?

Response – The new sign will be completed on September 22, 2000. The row of trees will be removed when the sign goes up. No additional landscaping will be done. The fence will be up as discussed above. Phones are to be installed when the inventory is moved. Lavatories?
